

THERMOSETTING RESINS 2020 - FROM BASICS TO APPLICATIONS

INTERNATIONAL CONFERENCE, 29 SEPTEMBER – 1 OCTOBER 2020, BERLIN, GERMANY

Call for Papers

We invite you to submit your abstracts for lectures and poster presentations for the Thermosetting Resins 2020 conference on the following topics:

- Chemistry and formulation of thermosetting resins including bio-based materials and non-toxic monomers
- Recyclable and reshapable thermosets, e.g. vitrimers
- Processing and application of thermosetting resins, e.g. 3D-printing, composites, alternative curing methods
- Characterization and properties of thermosets, e.g. FST-behavior, toughness, (low)viscosity
- Modeling and simulation of thermosets, e.g. solubility parameters, processing

Program

The conference program will include plenary and bi-parallel sessions as well as a poster exhibition. There will be a best poster award.

Industry is invited to present their innovations in products and technics in a small industrial exhibition.

Social Program

The social program includes a welcome reception with opening of poster session as well as a conference dinner.

Venue

The conference takes place in the Leonardo Royal Hotel Berlin Alexanderplatz welcoming you with its extraordinary atmosphere in the heart of Berlin.

Conference Board

Prof. Jean-Francois Gerard (Lyon, France)
Dr. Terry McGrail (Limerick, Ireland)
Prof. Dr. Monika Bauer (Teltow, Germany)

Important Dates

February 15, 2020	Abstract Submission Deadline
April 1, 2020	Notification of Acceptance
May 15, 2020	Advanced Program
July 30, 2020	Submission for Publication

Organizer

InnoMat GmbH
Kantstrasse 55, 14513 Teltow, Germany
Tel: +49 3328 330258

Detailed information on abstract submission, organization, venue, registration, fees etc. can be found at the conference website.
